

Conecta2020

Cooperation between Latin America and Europe
to coordinate research opportunities around ICT
via Technology Platforms

Tomas Piatrik
Queen Mary University of London

Conecta2020 Mission

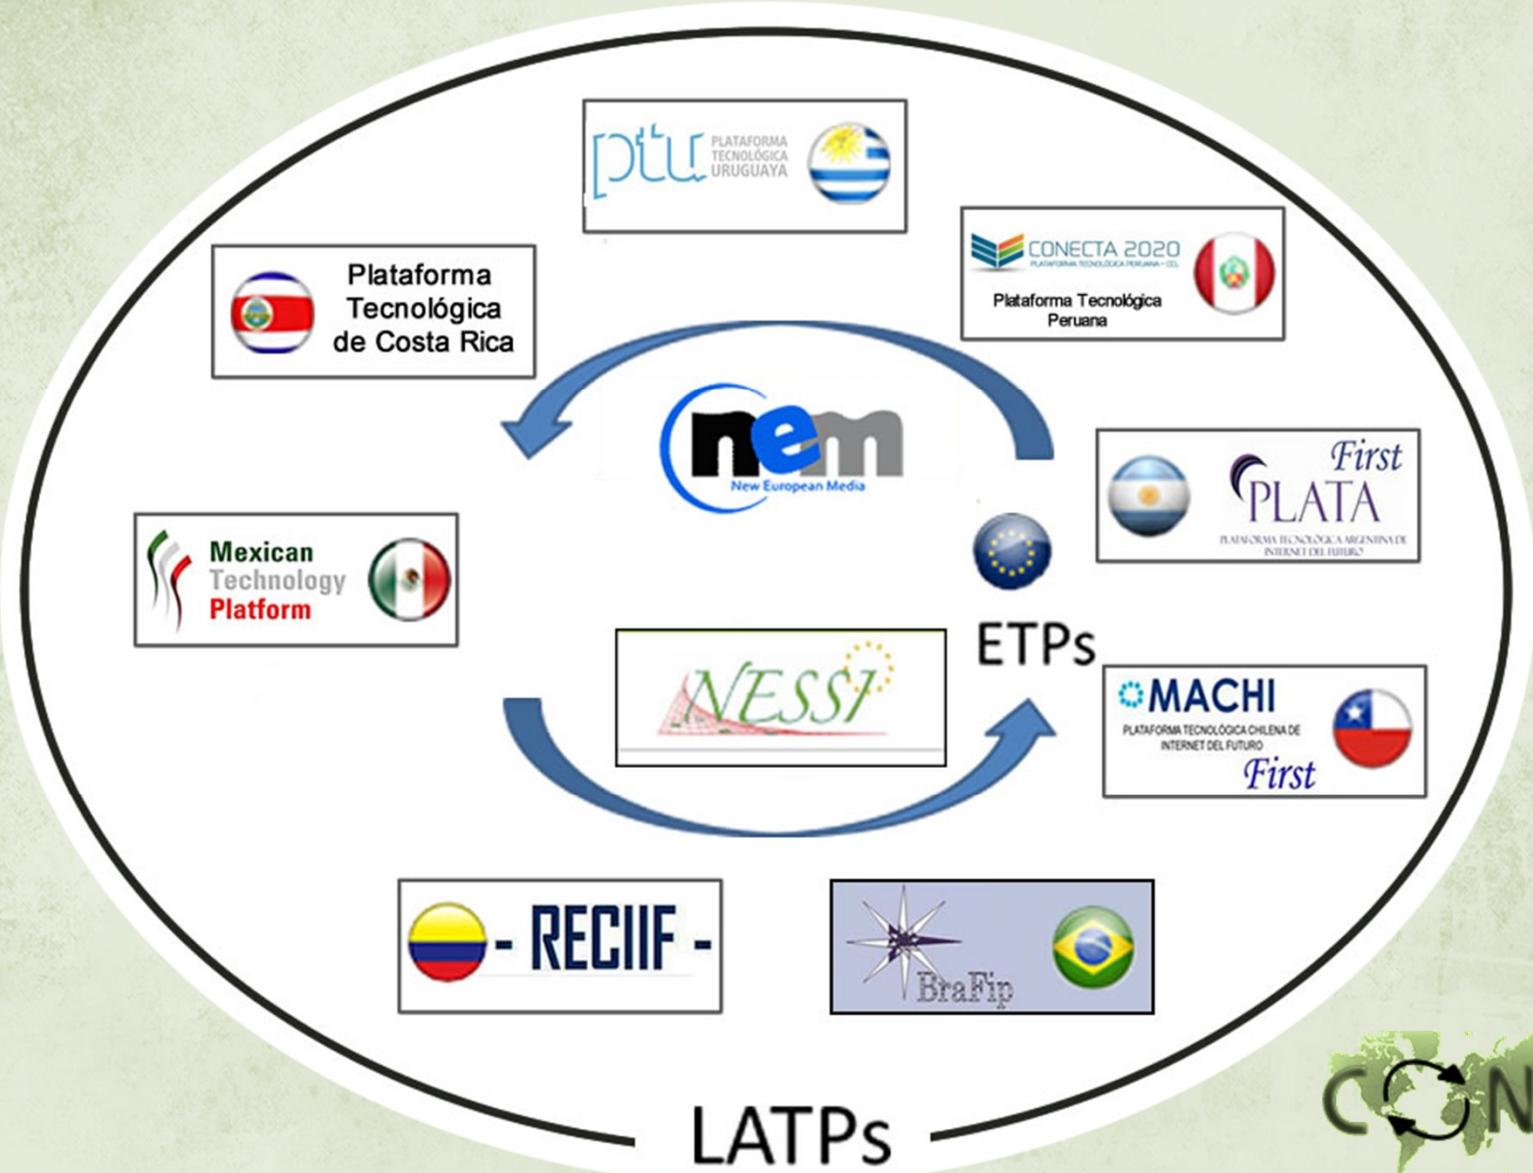

- **Promote and support the creation of Technology Platforms** and new Working Groups in LatAm countries.
- **Identify key research priorities** on the basis of local potential and European mutual interest
- **Provide knowledge and match-making tools** to promote industrial cooperation on ICT research and development

Conecta2020 Objectives

- Effective entailment of Innovation TWGs, LATPs and ETPs
- The creation of the Costa Rica, Peru and Uruguay LATPs
- Creation of Energy TWG in Mexico
- Identification of common innovation challenges for EU under the Horizon 2020 objectives and Conecta2020 member LATAM countries
- Promotion and sustainable cooperation among existing LATPs
- Exchange of best practices

Conecta 2020 LATPs and ETPs

Conecta 2020 Scope

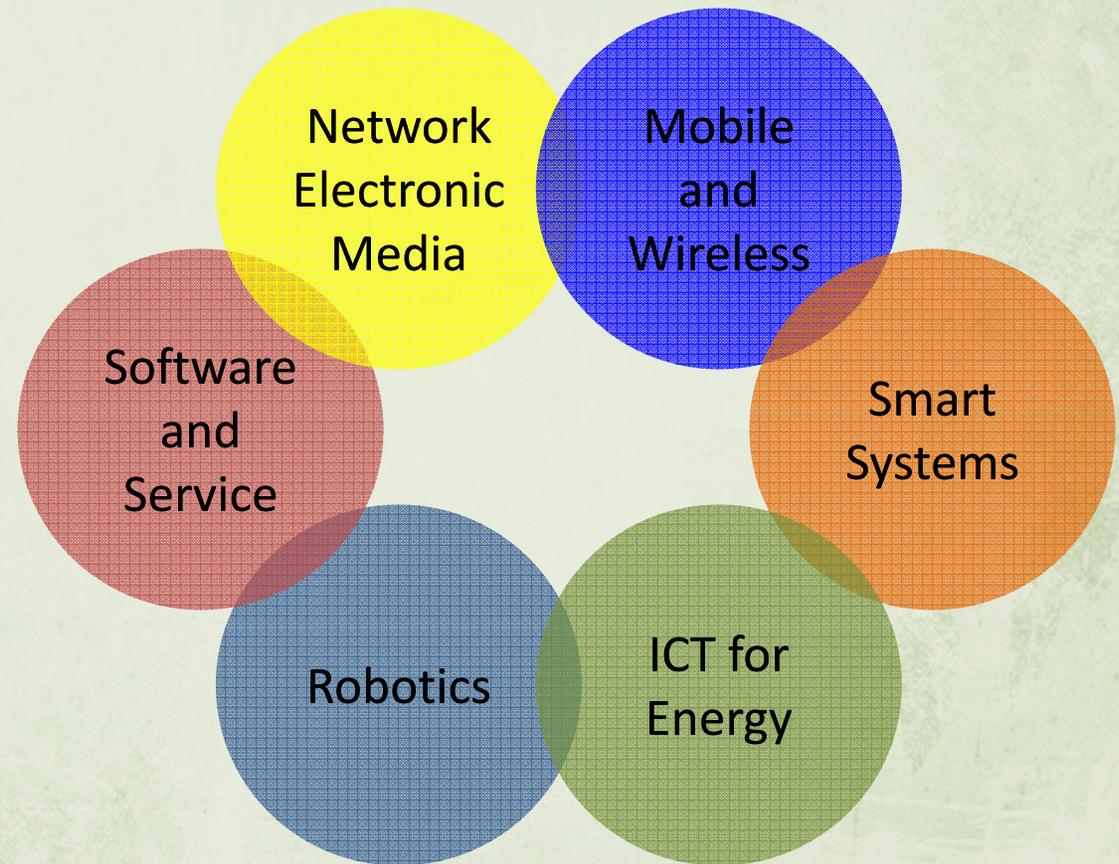

Conecta 2020 supports creation of thematic working groups within each LAMP, focusing on different areas aligned with ETPs:

ICT

- NEM, NESSI,
- Net!Works, ISI, ENIAC
- Photonics 21, EPoSS
- ARTEMIS, EUROP

ENERGY

- TPWind
- Photovoltaics,
- SmartGrids

Conecta2020 Consortium

Thank you
