 - more visible
 - more representative
 - more effective
 - self-sustainable

NEM new offers under discussion

- **Consultancy on EC opportunities: i.e.**
 - Help desk
 - Matchmaking platform:
 - Partner search
 - Proposal writing support
 - Coordination & Management
 - Business models
- **Repository of focused EC projects**
- **Contribution to the EC strategy/SRIA**
- **Research on specific topics**
 - Participation on periodic thematic workshops
 - Scientific articles writing

Questions:

1. Which are the services NEM should provide to its members? What do you expect as member of NEM and what you think is needed to increase NEM offer? Which are the services you are willing to receive or provide from/to NEM, if you had to pay a light membership fees?
2. NEM is defining a sustainability strategy in order to be able to build up and provide services to its members. Do you think would be feasible to apply a fee? Which kind of fee are you willing to pay? Do you agree to have different level of fee?

Metodology

1. You are free to decide in which table you want to contribute
2. If you want to move from one table to another you can
3. Whoever comes is the right people
4. Whatever happens is the only thing that could have
5. Each table has a moderator (Mike and Simona) but one volunteer is requested to take notes and report the results at the end of the session into the plenary
